LISTE DES PROJETS APPROUVÉS**

## ABOUT EYC

We are all responsible for the condition of our environment and the protection of our natural resources. Through Ontario's Environmental Youth Corps program young people and employers can take on that responsibility together.

Since the first year of the program in 1988, 14,500 youth have been hired by public sector and non-profit organizations to work on environmentally focused jobs. The funding for these positions is provided by the Government of Ontario through the Ministries of Agriculture and Food, Environment and Energy, Natural Resources, Northern Development and Mines and Culture, Tourism and Recreation.

The Environmental Youth Corps (EYC) is an exciting program for all of Ontario. It has been developed to bring the enthusiasm and energy of Ontario's youth together with people from community-based organizations.

## WHO CAN APPLY?

Anyone between the ages of 15 and 24, (29 for persons with disabilities) can apply for jobs through the Environmental Youth Corps.

## APPROVED PROJECT LIST

## À PROPOS DE LA BRIGADE DES JEUNES ENVIRONNEMENTALISTES

Nous avons tous la responsabilité de l'état de notre environnement et de la protection de nos richesses naturelles. Grâce au programme de la Brigade des jeunes environnementalistes de l'Ontario, les jeunes et les employeurs peuvent partager cette responsabilité.

Depuis 1988, première année d'application du programme, 11,450 jeunes ont été embauchés par des organismes du secteur public et des organismes à but non lucratif pour effectuer divers travaux de mise en valeur de l'environnement. Ces emplois sont subventionnés par le gouvernement de l'Ontario par l'entremise des ministères de l'Agriculture et de l'Alimentation, de l'Environnement, des Richesses naturelles, du Développement du Nord et des Mines, et du Tourisme et des Loisirs.

La Brigade des jeunes environnementalistes est un programme passionnant destiné à tout l'Ontario. Il a été conçu dans le but de regrouper des jeunes débordant d'énergie et d'enthousiasme et des membres d'organismes communautaires.

## COMMENT PRÉSENTER SA CANDIDATURE?

Peuvent poser leur candidature à des postes subventionnés par la Brigade des jeunes environnementalistes les jeunes de 15 à 24 ans (ou 29 ans, dans le cas des personnes présentant un handicap).

## Liste des projets approuvés pour 1992

La *liste des projets approuvés* a été créée pour fournir aux jeunes un répertoire d'organismes

qui, en 1992, offriront des postes par l'entremise de la Brigade. **Il est à noter que cette liste a été compliée à l'aide des meilleures données disponibles au moment de l'impression. Il se peut donc qu'elle ne soit pas tout à fait à jour.**

La *liste des projets approuvés* comprend:

- le nom des projets;
- le nom et l'adresse des employeurs;
- le nombre de postes offerts;
- le salaire associé à chaque poste;
- les dates de début et de fin des projets.

## COMMENT PRÉSENTER SA CANDIDATURE?

Les jeunes qui désirent obtenir un poste au sein de la Brigade doivent faire parvenir leur curriculum vitae ou un formulaire de demande dûment rempli aux organismes de leur choix. **Les ministères qui parrainent la Brigade n'embauchent pas les jeunes au nom des employeurs.**

## ONTARIO RANGER PROGRAM

The Ontario Ranger Program offers 750 positions during the summer months to youth 17-24 years of age. Sponsored by the EYC, this program offers interesting environmental and resource management opportunities at many locations across the province.

Participants in the first level program acquaint themselves with a variety of resource management activities through outdoor work in a camp setting. Participants who do well in their first year, are encouraged to return in subsequent years to the Ranger II Program either as a supervisor at one of the camps or in specific program areas within the Ministry of Natural Resources.

Applications for the first level of the program area accepted from September 1 to January 31 at the Youth Programs Office of the Ministry of Natural Resources. Selection is done by a random computerized draw in February. However, all positions in the 1993 Ontario Ranger Program have been filled.

Applications for Ranger II positions are to be directed to the MNR District Office of choice. Note: To be accepted as a Ranger II, you must have successfully completed the first level of the program.

For more information, contact your high school guidance office. You may also contact your local Ministry of Natural Resources Office (consult the blue pages of your telephone book) or call the Youth Programs Office at (705) 740-1208.

## PROGRAMME DES BRIGADIERS DE LA FORÊT DE L'ONTARIO

Le Programme des brigadiers de la forêt de l'Ontario offre 750 emplois d'été à des jeunes de 17 à 24 ans. Parrainé par la Brigade des jeunes environnementalistes, ce programme permet à des jeunes de travailler dans les domaines de l'environnement et de la gestion des ressources, partout dans la province.

En travaillant dans des camps, les jeunes participants du niveau I se familiarisent avec une foule d'activités liées à la gestion des ressources. Ceux qui ont fourni un bon rendement sont invités à revenir, les années suivantes, occuper un des postes de brigadier de la forêt II. Ces personnes agissent comme superviseur d'un camp ou travaillent au sein d'un groupe associé à un programme du ministère des Richesses naturelles.

Du 1<sup>er</sup> septembre au 31 janvier, le Bureau des programmes des jeunes du ministère des Richesses naturelles accepte les demandes d'admission au niveau I. Les candidats sont choisis par tirage au sort effectué par un ordinateur. Toutefois, tous les postes offerts dans le cadre du Programme des brigadiers de la forêt pour 1993 ont déjà été comblés. Les candidatures pour les postes de brigadiers de la forêt II doivent être envoyées au bureau de district du ministère des Richesses naturelles. Remarque : Pour pouvoir participer au Programme des brigadiers de la forêt II, il faut avoir réussi le niveau I du programme.

Pour obtenir de plus amples renseignements, veuillez vous adresser au bureau d'orientation de votre école. Vous pouvez également communiquer avec le bureau du ministère des Richesses naturelles de votre région (consultez les pages bleues) ou téléphoner au Bureau des programmes des jeunes, au (705) 740-1208.
